

Year 3 Home Learning Autumn 1

Geography- Countries and Continents

Question- Can you draw the world?

Set 27/09/24

Due 18/10/24

Aim- The children become more familiar with maps of the world, the different continents and countries there are and where to find them.

Outcome- The children can create a world map labelling the continents and as many countries as possible. If they want to be creative with mini-maps of each continent to show the countries within it they can.

Challenge- Can you locate Boston on your map? (Linking to a child's relocation).

Activity ideas:

- Research the world and various maps
- YouTube videos on continents / different countries
- Documentaries about the world and the globe
- Research facts about different continents or countries (children could list some facts in addition to drawing the map)

There will be raffle tickets for the children who have shown effort in this home learning and can discuss their findings and new knowledge!
